Blessing for Valentines Day

(A time tested verbal cure)

Father bless this woman my wife (man my husband) with divine grace to balance industry and rest. As Christ turned away from the crowds who were constantly tugging at his robe, help h__ turn away Father, to turn to you, for rest and restoration. If _he carries unnecessary burdens Father, fear, guilt unforgiveness or even hopelessness help h__ put them down for these are the things that tire us deep in our hearts. Help h__ find joy Father for in joy there is a great deep energy and a great deep strength. Help h__ Christ to find this joy, to protect it and to share it.

A word fitly spoken is like apples of Gold. Proverbs 25:11
